Ms. Alley and Mr. Foster,

This week the Court ordered the parties to file all motions to compel (including those against third parties) by May 15th. Because we have been working amicably with you and the West Virginia Board of Medicine ("BOM") up to this point, our motion with regard to the BOM will not request an order compelling production but instead will explain briefly (i.e., 2-4 paragraphs) that the BOM is in the process of collecting responsive information/documents and that the parties are continuing to work together. We are hopeful that our Motion will not trigger an obligation for the BOM to respond but cannot guarantee as much. We will, of course, send you a courtesy copy of the Motion and will keep you posted.

In the meantime, please let me know if you would like to discuss this further. Thank you.

Best,

Sean D. Thomas | Associate | **Jackson Kelly PLLC**
